

DRYDEN SurfaceCleaner

Dryden SurfaceCleaner

Data Sheet

Apply to external cladding, shingles or timber to remove silvering, mould, dirt and grime, mild watermarks, etc. Dryden SurfaceCleaner will not affect plants, grass, paint, rubber or other common substrates. It is well suited to clean outdoor furniture, decks or most any timber surface, painted surfaces including oxidised paint, and most types of paths and driveways.

Contains no damaging caustic or bleach.

DIRECTIONS FOR USE

Add Dryden SurfaceCleaner mixing 100g with 10 litres of clean water in a clean container (spray pac) and apply directly to surface to be cleaned, or add 100g Dryden SurfaceCleaner to 1 litre water and feed through waterblaster on max ventutri.

Saturate surface to be cleaned starting from bottom going to the top, and leave for 15 minutes, keeping wet (spray mist).

Then waterblast off with maximum 60-80 bar pressure and wide fan setting (no turbo nozzle) with long sweeping motions going direction of timber, starting at the top of area to be cleaned. Watch water pressure as not to damage soft timbers.

NOTE: Please also refer to Dryden Cleaning and Maintenance Guide.

SAFETY

Store away from heat. Do not mix with other chemicals.

Avoid all contact with skin and eyes or breathing vapours, and keep out of reach of children.

FIRST AID

If you feel unwell: Call National Poisons Centre or doctor/physician. If medical advice is needed, have product container or label at hand.

If Swallowed:

Rinse mouth.

If in Eyes:

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

If on Skin/Hair:

Wash with plenty of soap and water. Take off contaminated clothing and wash before re-use. If skin irritation occurs: Get medical advice/ attention.

If Inhaled:

Remove to fresh air and keep at rest in a position comfortable for breathing.
